

## **Athletic Equipment Policy - Student Athlete Responsibility**

### ***General Equipment and Uniform Policy***

- Athletic equipment is property of St. Edward Epiphany Catholic School and is to be used solely for the purpose of competing in an athletic program. It is not to be used for any purpose other than team games/practices. Uniforms should not be worn outside of organized SEES competition.
- You are responsible for all lost or stolen items.
- Do not alter clothing. This includes cutting off tags from the uniform.

### ***Game Equipment and Uniform Return***

- SEES Athletics keeps records of the items issued to you. All items are numbered and recorded. It is important that you return the same items you were issued. Even if you loan items to another individual, you are the person responsible for their return. Failure to return those items assigned to you will result in your being charged for their replacement.
- All athletes are responsible for turning in their game clothing.
- Generally, your return time will be the first or second day after your last game. Your coach will confirm the date and time for the final return of the uniform(s).
- If you are unable to be present for the final return of the uniform, you will have five (5) days to return it to SEES. After the five days, student accounts could be billed for missing equipment.
- Individuals quitting the team prior to the end of the season are responsible for returning all items issued within 5 days of the date he/she quit the team.
- You will not be reissued equipment for the next season or for another sport until all items have been returned or paid for.
